

Sister Margaret Mancuso – 50 Years

“The Sisters of Saint Joseph had a profound influence on my life in elementary school at St. Paul’s Academy in Oswego,” said Sister Margaret Mancuso.

“They nurtured the seeds of faith first planted by my parents. It was their spirit of joy and love for teaching that led me to this Congregation and to ministry in education.

“It is very humbling to look back on 50 years. What an amazing journey of grace as teacher, principal and assistant superintendent. So many beautiful people touched and influenced my life through my ministries at St. Francis-St. Stephen’s, Geneva; St. Mary’s, Dansville; St. Joseph’s Villa, Nativity Brockport; the Diocesan Catholic Schools Office; and Nazareth Elementary (Sister is currently the principal of Nazareth Elementary). It is an awesome privilege to be in education. Teachers and school staff have encouraged and inspired me by their commitment to help shape the minds and hearts of children.

“I am deeply grateful for the call to serve through education and for the loving support of my family, Sisters, colleagues and friends. I have received so much more than I could ever give or imagine.”
