

Sister Anne Nothnagle – 70 Years

“The past 70 years have been rich with blessings, even if on occasion daunting with challenges,” says Sister Anne Nothnagle. “My first ministry was teaching in parish schools in our Diocese, except one year in Oswego. I then went into nursing, first at St. Mary’s Hospital, then the Sisters of Saint Joseph Infirmary, and then Penfield Place after retirement. I have helped at Daystar and Morning Star. I have undying gratitude to Mother Agnes Cecilia for her help and encouragement, and Sisters Jamesine and Sharon who let me stay on this path. I remember Mother Rose Miriam telling us postulants that Religious Life was never dull, because God gives us

grace upon grace as we go along. So, I thank God and all the Sisters, priests, teachers, parents, children, nurses, patients, my dear wonderful family, our Motherhouse staff, our Leadership Team, for their confidence, patience, support, joyfulness and respect.”
