

Mission Statement

*We, the Sisters of St. Joseph of Rochester,
share in the reconciling mission of Jesus, to heal brokenness
and to unite all people with God and with one another.*

*Making no distinction among people,
we strive to alleviate suffering and injustice,
to encourage people to develop and use their gifts for the good of society,
and to accompany those who search for a deeper union with God.*

*The Spirit calls us to respond to the needs of our times with a diversity of gifts.
Faithful to the Gospel, and reflecting upon tradition and experience,
we are empowered by God for our service
through prayer, life in community, and the people among whom we minister.*

*As a Congregation of women religious in the Catholic Church,
we strive to serve joyfully, in a spirit of zeal, gentleness and love.*
