

Vision Statement

*As Sisters of St. Joseph of Rochester,
we know that God is the center of our lives,
present and active in us
and in the world, we are called to serve.*

Believing this:

In a time of increasing isolation and individualism,

*We live community, not only with our sisters
but with others, and in harmony with the earth;*

In an age of consumerism,

*We use our resources generously and providently,
living simply and sharing with others,
while supporting the members, ministries and needs
of the Congregation;*

*In a time when societal structures promote
indifference to human needs,*

*We work to release the gifts in ourselves and others,
so that we can respond to the needs of this time
in diverse and effective ways.*
