

## **Sister Damian Goffredo – 60 Years**

“It is hard to believe that 60 years have unfolded and I find myself still enjoying what I have always loved most – the education of children of various ages, needs and diversities,” said Sister Damian Goffredo.

“At present I continue to serve part time at Nazareth Elementary School as I have for 32 years, at the academy and middle school levels as well.

“Prior to the years at Nazareth I had the privilege of ministering to children and their families in various schools in the Diocese of Rochester, St. Monica, St. Francis Xavier, School of the Holy childhood, Christ the King, and St. Joseph’s Villa.

“In addition to educational involvement I enjoy assisting in the needs at our Motherhouse.

“I enjoy being busy with a variety of things including the beauties of nature, keeping up with the events on the world scene, and spending time relating to and enjoying people.

“I believe living my life as a Sister of Saint Joseph of Rochester has been God’s special gift to me these many years. I pray I may continue to use this gift into the future in whatever ways I am called to serve the people of God.”
