

Sister Elizabeth Mulcahy (formerly Sister Terence) – 60 Years

“As I reflected back over the 60 years, many faces and experiences kept showing up in my mind’s eye,” said Sister Elizabeth Mulcahy (formerly Sister Terence).

“We were just young teenagers starting out on a new lifestyle that we had no idea what it would be and where it would lead each one of us. If I had thought that I would be a kitchen supervisor (cook), a teacher, a pastoral assistant, an IT person, an administrator of the Motherhouse, driver or an SSJ local community coordinator I would not have believed it. It is kind of overwhelming when I think of my life as an SSJ.

“I see the wonderful women from St. Francis Xavier and visualize their wonderful faces and hear their gratitude for all the little things we did together. The men with whom I worked with for bingo, festivals and spaghetti dinners, and the young men and women trying to learn a skill to help them get a better life and computer skills at Fleet Cross Systems.

“Now as I am aging myself, I am able to be a presence to our Sisters at the Motherhouse. I have come full circle. I have loved the people that make up my life story. I have learned many things from all these dear friends and feel blessed to be a part of the lives of so many people.”
