

Sister Mary Anne Knight (formerly Sister Letitia) – 60 Years

Sister Mary Anne Knight, formerly Sister Letitia, entered the Congregation from St. Francis de Sales in Geneva. Sister Mary Anne spent 40 years working at St. Joseph's Villa, a home that serves emotionally disturbed children. She did a variety of duties from switchboard operation to administration where she helped organize the Villa's universal record keeping system. She is retired and spends her time volunteering at the Motherhouse.

"I remember many special times spent with the band of Sisters who entered when I did. During our walks down the 'back road' we loved to pick apples at the apple orchard, have a little snack and share our troubles. Our 'band' was our family especially during the beginning years and we will always have that bond.

"Thanks to my religious life I have been blessed by the ability to extend my love toward many people. As a Sister of Saint Joseph, I feel blessed to have many loving and supportive friends and opportunities for a deepening of my spiritual life."
